Top 5 Questions to Ask Yourself Before You Renovate your Kitchen

1. Set your priorities. Know what's important to you. Who uses the kitchen? Family focused/ Cooks' kitchen/ Entertaining kitchen or Showpiece. How is it used?
2. What is being changed? Appliances, cabinets, cabinet hardware, counters, sinks and faucets, flooring, lighting, wall finishes, ventilation and window coverings.
3. Budget.....budget.....budget. While options vary greatly, the amount one wishes to spend must be predetermined when looking at making changes to the kitchen.
4. Seating in the kitchen and how best to accommodate. Use of islands with bar areas. Table height, counter or bar height? Phone stations, computer desks, pet feeding stations and baking locations are all important things to consider.
5. Drawers versus doors and pullouts. Do cabinets go to the ceiling, staggered or traditional heights? Glass door cabinets with decorative lighting and glass shelves or open shelves for storage or selected special pieces for display. Storage is paramount to a good kitchen design.

MORTGAGE PROTECTION INSURANCE

Does your Mortgage Protection offer you...

Choice? You decide who the insurance benefit goes to and how it's used.
Stability? As your mortgage balance decreases, the amount of your coverage stays the same.
Flexibility? When you own an insurance policy to protect your mortgage, as your life changes, you can carry that protection with you along the way. Even if you change mortgage lenders, your coverage stays with you - there's no need to re-qualify.

If you already own Mortgage Protection through your bank or mortgage lender...Let's talk about your options and what I can do for you!

Let's talk.
